

**IMPORTANT UPDATE FROM FNB – REDIRECTION OF LOBBY TRAFFIC
BEGINNING MARCH 20, 2020**

At First National Bank, the health and well-being of our customers, employees and communities is our top priority. We also know the importance of having access to your banking needs. FNB continues to closely monitor all the uncertainty relating to the Coronavirus (COVID-19), and Management is taking necessary steps to protect our team members and customers.

Due to the increase in concern, FNB will be temporarily closing the lobby until further notice. Our branches will remain open during our normal business hours with extra staff working the drive up windows, however lobby traffic will be by appointment only. Contact your local branch if you need to make an appointment.

Please ask yourself the following questions before you request access to our lobby.

1. Have you been sick?
2. Has someone in your family been sick?
3. Have you been in contact with anyone that has been sick?

If you answer YES to any of these questions, we ask that you do not make an appointment for lobby access.

First National Bank has several methods to access and manage your accounts safely and securely

- Drive-thru Access during normal business hours
- 24/7 ATM Access
- 24/7 Telephone Banking
- Internet Banking
- E-Statements
- Mobile Banking
- Text Banking
- Free Bill Pay
- Free Mobile Deposit

If you need help accessing any of these digital methods, please contact your local branch.

FNB Thanks you in advance for your cooperation!
